

Parent/Carer Survey Feedback Autumn 2023

WHAT DID YOU TELL US?

We value our relationships with parents and carers and the feedback that we receive. Our annual parent/carer survey is just one of the ways in which we hear your voice. We will use this information to consider how we can continually improve what we offer all children across our family of schools.

This questionnaire represents the Parent/Carer voice across our entire Trust family

My child is happy at a Trust school

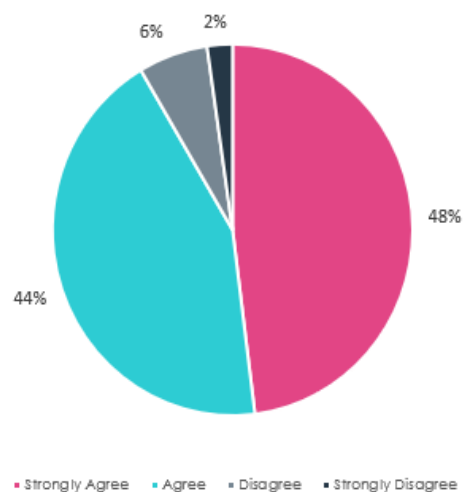

We are delighted that across our family of schools, 91% of our children feel happy attending their school. This is incredibly important to us and underlines the importance of one of our core beliefs, as a Trust, that everyone should feel that they belong '**Sense of Belonging**'.

“ My child seems to be happy at school. It seems like a stable and encouraging learning environment with warm staff who are always proactive and aim to inspire.”

The school's ethos and culture have a positive effect on my child

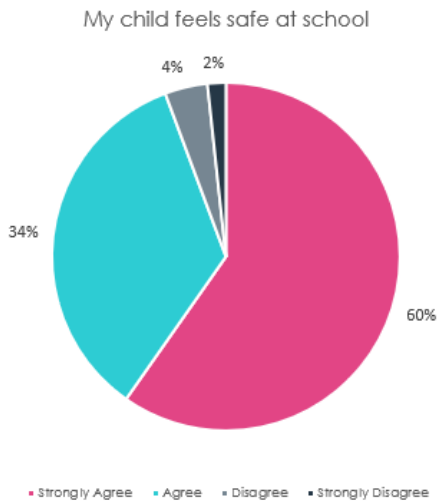

92% of parents/carers feel the ethos and culture in their child's school have a positive impact, this is fantastic. We continue to work with parents/carers to ensure that we communicate how our school trust mission of 'flourishing futures' underpins this.

“ My daughters favourite place to be is at school”

WHAT DID YOU TELL US?

“ Safe, friendly, fun, caring, positive learning environment ”

My child feels safe at school

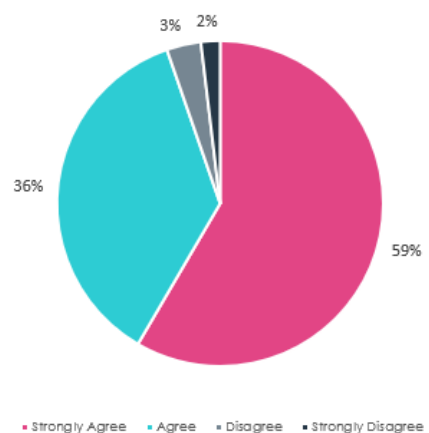

We are delighted that 94% of our children feel safe in their school, which is sustained from last year. This shows the ongoing impact of the way that we work to ensure that our children feel valued and secure and know how to keep themselves safe both physically and online.

The school encourages its children to be respectful and caring

The school encourages its children to be respectful and caring

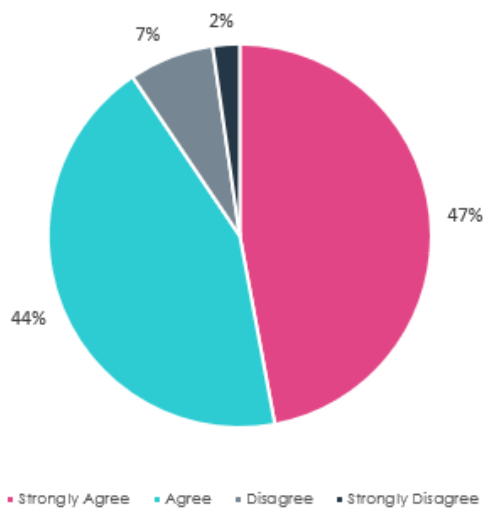

“ The buddy system especially and the interaction between year groups here is very nurturing and creates a lovely whole-school community. ”

WHAT DID YOU TELL US?

“ However brilliant the school is, the fact that it recognises there is always opportunity for improvement is something to be admired.”

The school ensures its children are well behaved

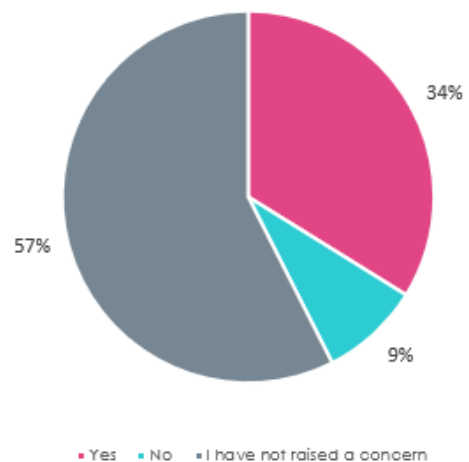

Unfortunately, despite our positive behaviour approach, occasionally some children may have experienced bullying, where this happens we strive to deal with it, below are comments from you:

- We experienced this with my child last year, but the teachers were brilliant when I brought it to their attention and seemed to deal with it quickly and updated me daily on what had been done and anything that had happened
- We appreciate the schools approach on this. And also really pleased teachers can feel they can come to us if our own children have not behaved in an appropriate way so that we can speak about it with them.
- Many members of staff have handled any incident my child has had wonderfully. My child has been made to feel secure and told they can speak up when people aren't being kind. They are very caring and extremely supportive.

When I have raised concerns with the school they have been dealt with in line with our complaints policy

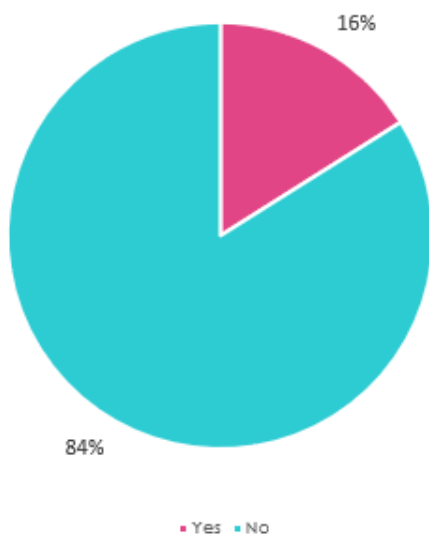

Whilst it is pleasing that 91% (increase by 4% on last year) of our parent community have either not raised a concern or are happy with how any concern has been dealt with, we still have work to do to address the 9% who do not feel that concerns have been addressed properly. This will be an area for individual schools to look at closely.

“ Any issues are swiftly dealt with and have often already been noted. A very supportive and nurturing learning environment.”

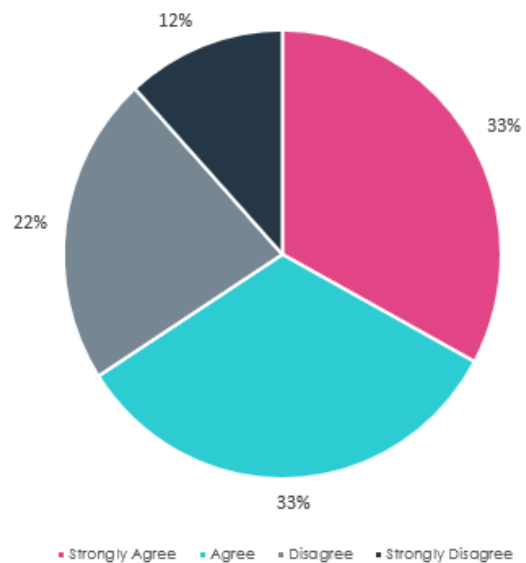

WHAT DID YOU TELL US?

“ The school has been excellent. We have appreciated the support and initiative taken and know our child is in great hands.”

Does your child have special educational needs and/or disabilities (SEND)?

How strongly do you agree with this statement? "My child has SEND and the school gives them the support they need to

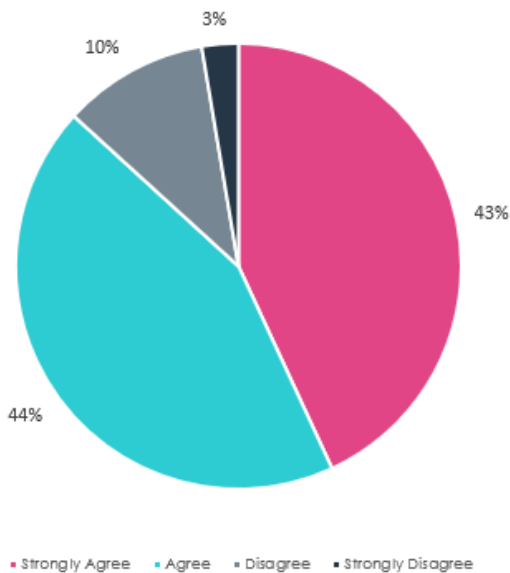

Although we are delighted to see an increase in parents and carers agreeing with this statement, this is a key area of focus for us during 2023-24.

“ I am so happy to be able to big up the school, and tell people just how much my child with SEN is accepted, supported and actually really cherished at school - and how much the staff do to support and understand him to help him thrive.”

WHAT DID YOU TELL US?

The school has high expectations for my child

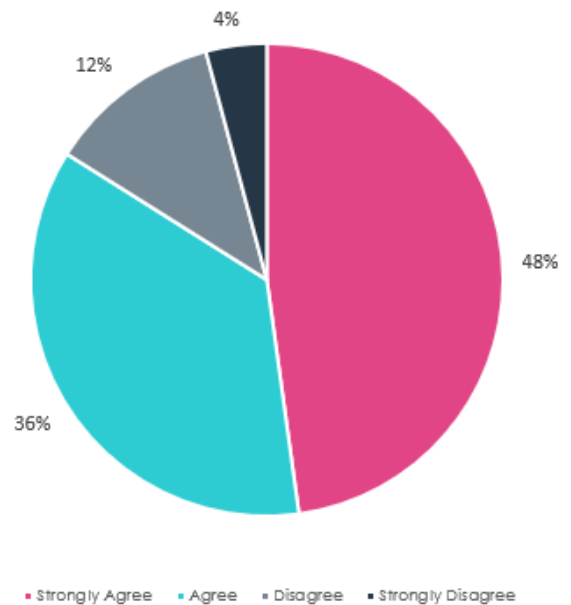

We have high expectations for our children and therefore 87% demonstrates that we have some work to do to realise our core belief '**Realising the Possible**'

“ They are doing very well in classes and the school expects and encourages that to continue in a positive way”

“ Happy memories are being created everyday, whilst giving them a great educational start”

My child is flourishing at school

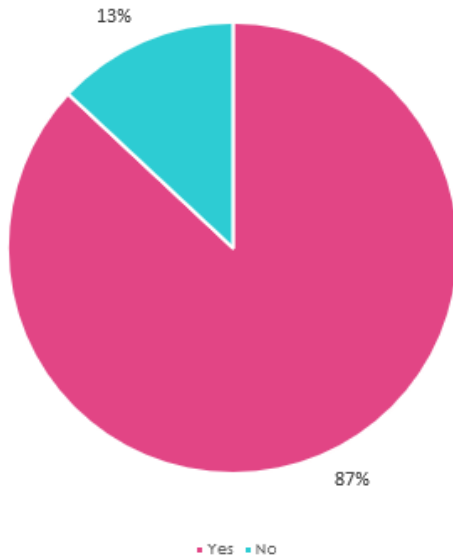

We are pleased that 84% of you feel that your child flourishes at school. We won't be satisfied until all of our children flourish though. Our Headteachers will continue to strive to ensure that we have a true consistency of offer across our family of schools in line with our mission '**Flourishing Futures**'

WHAT DID YOU TELL US?

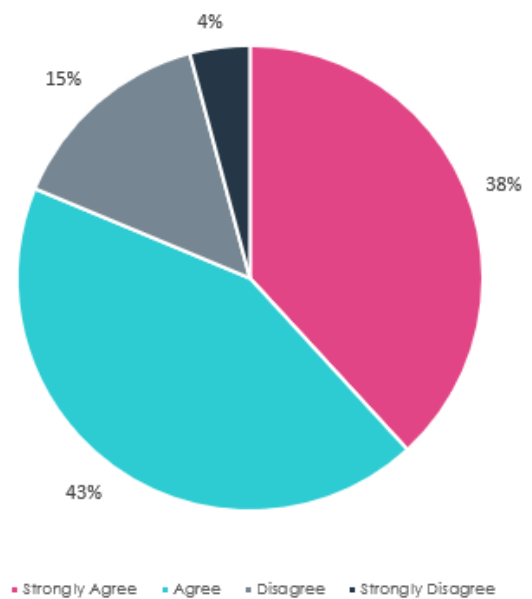

The school makes me aware of what my child will learn during the year

“The school communication is absolutely fantastic. We have regular updates, weekly newsletters and a couple of parents evenings throughout the year.”

The school lets me know how my child is doing

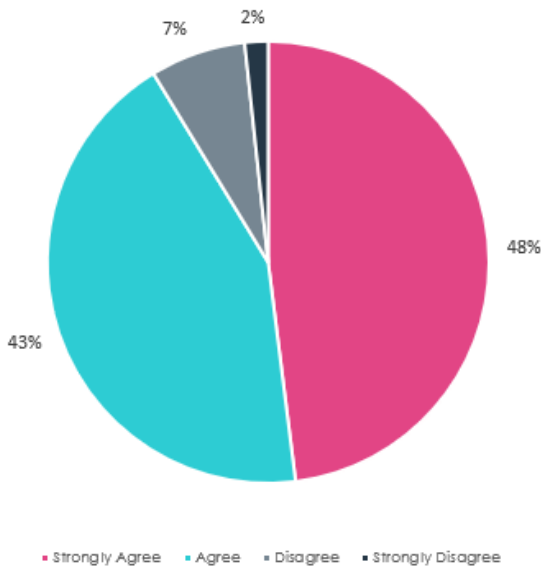

“ Having the open classrooms and parents evenings frequently seem like a great way of keeping informed.”

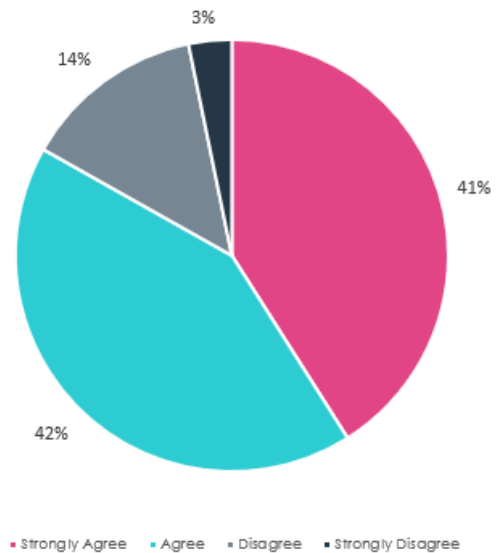

My child has access to the full range of national curriculum subjects

This figure represents a significant improvement up by 11% on last year, and we are pleased that our children are receiving a broad and balanced curriculum offer and experiencing a full range of subjects.

The school supports my child to take part in a wide range of activities and experiences across and beyond the curriculum

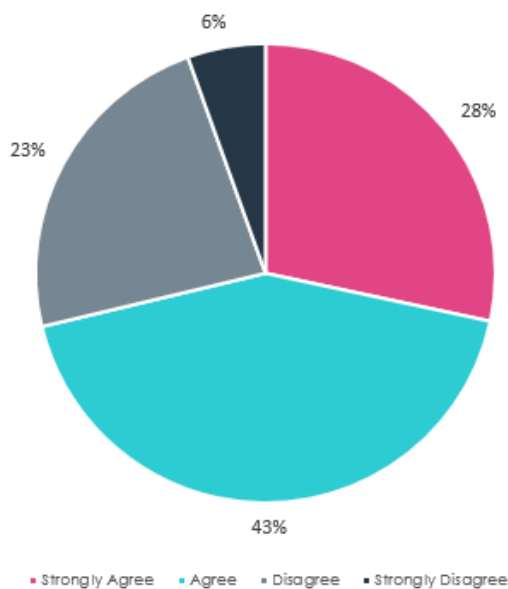

83% have agreed with this statement which is an improvement on last year (+6%) and we have worked really hard in this area post-pandemic and our children have told us that they are really keen to get back to 'normal' and experience the full range of trips and visits. This reflects the work we do to continue to review and put into action our 70 Promises by Y7 offer which sets out all of the key opportunities every child in our Trust will experience by the time they leave us.

“ Trips to the zoo, retreat to Pixie's Holt, School Visits, Cookery & Sports Clubs/activities, all provide a good variety of additional learning & shared/team building experiences.”

WHAT DID YOU TELL US?

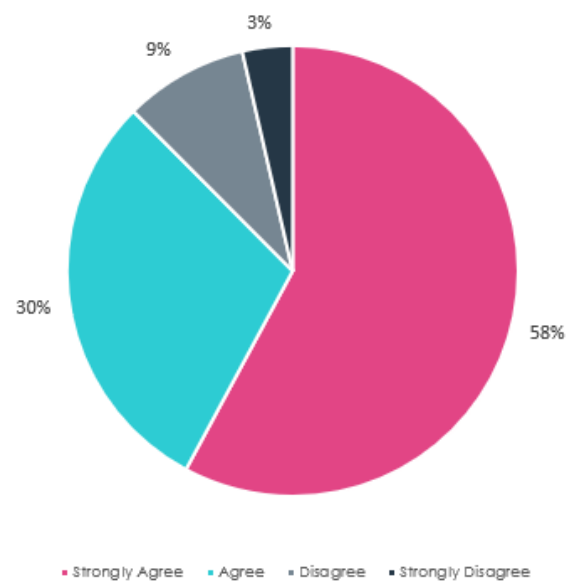

“ A lovely family feel and a real community spirit.”

I receive helpful information about how being part of a family of schools benefits my child's educational journey

“ My children love being able to visit and engage with the other linked schools. They really enjoy singing and performing with their peers”

I would recommend the school to another parent

We are pleased that 88% of you would recommend your school to others which is an increase on last year – lets continue to work together in partnership to ensure that next year this is even closer to 100%.

“ I recommend the school to other parents all the time! The resources, teachers, community, building and Headteacher are all brilliant and we couldn't be happier that we moved. On my daughter's 'try-out' day, she said, “Mum, I feel like I've been missing out all these years.”
